Dear Judge Weinstein and Judge Lifland:

Enclosed are chambers' copies of the Audited Financial Statements and Report of the Manville Personal Injury Settlement Trust ("the Trust") for the year ending December 31, 2008, filed pursuant to Sections 3.02(d)(i) and (iii) of the Trust Agreement, which were electronically filed today with the Clerk of the United States Bankruptcy Court for the Southern District of New York.

OPERATIONS

For the year ended December 31, 2008 the Trust settled approximately 12,400 claims for \$85.7 million compared to 10,100 claims for \$47.6 million for the year ended December 31, 2007. The average settlement amount for the years ended December 31, 2008 and 2007 was approximately \$6,900 and \$4,700, respectively. The increase in the average settlement amount is principally due the 50% increase in the pro rata percentage.

Furthermore, the Trust had paid approximately 255,000 claimants a total of \$335 million, or, 91% of the \$365.7 million retrospective pro rata payment required as a result of an increase in

in the pro rata payments from 5% to 7.5% in March 2008. As of December 31, 2008, the remaining pro rata liability is approximately \$31.2 million to 27,000 claimants.

On December 31, 2008, the Trust had 3,175 claims pending claimant response to an outstanding offer or denial, 1,609 claims for which the 360 day offer or denial response period had expired (but which could still be reactivated without re-filing the claim), 11,389 claims in process and 694,731 settled claims. When combined with 90,835 withdrawn claims (unsettled claims for which offers were not accepted or deficiencies not cured), as of December 31, 2008 the Trust had received 801,739 claims and had made total claim payments of approximately \$3.9 billion.

FINANCIAL SUMMARY

Net operating expenses for the years ended December 31, 2008 and 2007 were \$5.8 million and \$5.4 million, respectively. The increase in net operating expenses between 2008 and 2007 is principally due to reorganization costs associated with downsizing of CRMC during 2008 and over a \$400,000 reduction in Other Income. Operating expenses are net of Other Income of \$230,000 for 2008 and \$650,000 for 2007. Other Income received by the Claims Resolution Management Corporation ("CRMC") is derived from claim processing and consulting services to other claims processing entities. Other Income received by the CRMC is used to reduce the overall processing costs of the Trust.

As of December 31, 2008 Net Claimants' Equity was approximately \$1.066 billion compared to \$1.8 billion the same time last year. The \$800 million reduction in Net Claimants' Equity is principally due to a reduction of investments of approximately \$288 million, net of the associated change in deferred income taxes, and the settlement of over \$450 million in claims which includes the aforementioned additional retrospective pro rata adjustment of approximately \$366 million.

ASSET MANAGEMENT

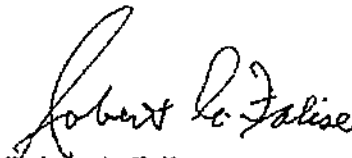

For the years ended December 31, 2008 and December 31, 2007, the Trust's total investment returns were -22.1% and 6.0%, respectively. The total returns during the same

periods on the Trust's equity (U.S. and non-U.S.) investments were -37.9% and 5.7%, respectively. By way of comparison, the currency-half hedged MSCI World Index, which is a broad equity index of 23 developed markets including the U.S., returned approximately -39.7% and 6.9% during 2008 and 2007, respectively. The total returns on fixed income investments including cash equivalents were 4.0% in 2008 versus 6.5% in 2007.

As of December 31, 2008, after liquidating \$415 million of assets throughout the year to pay for all the claim payments described above, the market value of the Trust's investments, including accrued interest and dividends, was approximately \$1,066 million, of which approximately \$528 million (50%) was in diversified equities, \$492 million (46%) in fixed income securities and the remaining \$46 million (4%) in cash equivalents.

The Trustees, in consultation with the Select Counsel for the Beneficiaries and Legal Representative of Future Claimants, have been reexamining the current pro rata payment percentage in the light of the uncertain present and future economic outlook and its effect on the Trust's investments. The Trustees hope to make in the near future any needed recommendation for an adjustment in the pro rata percentage of payments.

Yours very truly,

Robert A. Falise
Chairman and Managing Trustee

INDEPENDENT AUDITOR'S REPORT

To the Trustees
Manville Personal Injury Settlement Trust
Pound Ridge, New York

We have audited the accompanying special-purpose consolidated statements of net claimants' equity of Manville Personal Injury Settlement Trust (the Trust, organized in the state of New York) as of December 31, 2008 and 2007 and the related special-purpose consolidated statements of changes in net claimants' equity and cash flows for the years then ended. These special-purpose consolidated financial statements are the responsibility of the Trust's management. Our responsibility is to express an opinion on these special-purpose consolidated financial statements and supplementary information based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Note 2, these special-purpose consolidated financial statements were prepared on a special-purpose basis of accounting and are not intended to be a presentation in conformity with accounting principles generally accepted in the United States of America. The special-purpose basis of accounting has been used in order to communicate the amount of equity presently available to current and future claimants.

In our opinion, the accompanying special-purpose consolidated financial statements of Manville Personal Injury Settlement Trust as of and for the years ended December 31, 2008 and 2007 are fairly presented, in all material respects, on the basis of accounting described in Note 2.

This report is intended solely for the information and use of the management of the Trust, the Trustees, the beneficiaries of the Trust, and the United States Bankruptcy Court for the Southern District of New York and is not intended to be and should not be used by anyone other than these specified parties. This restriction is not intended to limit the distribution of this report which, upon filing with the United States Bankruptcy Court for the Southern District of New York, is a matter of public record.

MANVILLE PERSONAL INJURY SETTLEMENT TRUST
NOTES TO SPECIAL-PURPOSE CONSOLIDATED FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2008 AND 2007

(1) DESCRIPTION OF THE TRUST

The Manville Personal Injury Settlement Trust (the Trust), organized pursuant to the laws of the state of New York with its office in Pound Ridge, New York, was established pursuant to the Manville Corporation (Manville or JM) Second Amended and Restated Plan of Reorganization (the Plan). The Trust was formed to assume Manville's liabilities resulting from pending and potential litigation involving (i) individuals exposed to asbestos who have manifested asbestos-related diseases or conditions, (ii) individuals exposed to asbestos who have not yet manifested asbestos-related diseases or conditions and (iii) third-party asbestos-related claims against Manville for indemnification or contribution. Upon consummation of the Plan, the Trust assumed liability for existing and future asbestos health claims. The Trust's initial funding is described below under "Funding of the Trust." The Trust's funding is dedicated solely to the settlement of asbestos health claims and the related costs thereto, as defined in the Plan. The Trust was consummated on November 28, 1988.

In December 1998, the Trust formed a wholly-owned corporation, the Claims Resolution Management Corporation (CRMC), to provide the Trust with claim processing and settlement services. Prior to January 1, 1999, the Trust provided its own claim processing and settlement services. CRMC began operations on January 1, 1999 in Fairfax, Virginia and subsequently relocated to Falls Church, Virginia. The accounts of the Trust and CRMC have been consolidated for financial reporting purposes. All significant intercompany balances and transactions between the Trust and CRMC have been eliminated in consolidation.

The Trust was initially funded with cash, Manville securities and insurance settlement proceeds. Since consummation, the Trust has converted the Manville securities to cash and currently holds no Manville securities.

(2) SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Presentation

The Trust's financial statements are prepared using special-purpose accounting methods that differ from accounting principles generally accepted in the United States. The special-purpose accounting methods were adopted in order to communicate to the beneficiaries of the Trust the amount of equity available for payment of current and future claims. These special-purpose accounting methods are as follows:

- (1) The financial statements are prepared using the accrual basis of accounting.
- (2) The funding received from JM and its liability insurers was recorded directly to net claimants' equity. These funds do not represent income of the Trust. Settlement offers for asbestos health claims are reported as deductions in net claimants' equity and do not represent expenses of the Trust.
- (3) Costs of non-income producing assets, which will be exhausted during the life of the Trust and are not available for satisfying claims, are expensed as they are incurred. These costs include acquisition costs of computer hardware, software, software development, office furniture and leasehold improvements.
- (4) Future fixed liabilities and contractual obligations entered into by the Trust are recorded directly against net claimants' equity. Accordingly, the future minimum rental commitments outstanding at period end for non-cancelable operating leases, net of any sublease agreements, have been recorded as deductions to net claimants' equity.
- (5) The liability for unpaid claims reflected in the special-purpose consolidated statements of net claimants' equity represents settled but unpaid claims and outstanding settlement offers. Post-Class Action complaint claims' liability is recorded once a settlement offer is made to the claimant (Note 3) at the amount equal to the expected pro rata payment.

No liability is recorded for future claim filings and filed claims on which no settlement offer has been made. Net claimants' equity represents funding available to pay present and future claims on which no fixed liability has been recorded.

- (6) Investment securities are recorded at fair value. All interest and dividend income on investment securities, net of investment expenses are included in investment income on the special-purpose consolidated statements of changes in net claimants' equity. Realized and unrealized gains and losses on investment securities are combined and recorded on the special-purpose consolidated statements of changes in net claimants' equity.

Realized gains/losses on investment securities are recorded based on the security's original cost. At the time a security is sold, all previously recorded unrealized gains/losses are reversed and recorded net, as a component of other unrealized gains/losses in the accompanying special-purpose consolidated statements of changes in net claimants' equity.

The preparation of financial statements in conformity with the special-purpose accounting methods described above requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions to net claimants' equity during the reporting period. Actual results could differ from those estimates. The most significant estimates with regard to these financial statements relate to unpaid claims, as discussed in Notes 3 and 5.

Certain amounts in the 2007 financial statements have been reclassified to conform to the 2008 presentation. These reclassifications have no effect on the previously recorded balance of net claimants' equity

(b) Cash Equivalents and Investments

At December 31, 2008 and 2007, the Trust has recorded all of its investment securities at fair value, as follows:

	2008		2007

The Trust invests in two types of derivative financial instruments. Equity index futures are used as strategic substitutions to cost effectively replicate the underlying index of its domestic equity investment fund. At December 31, 2008, the fair value of these instruments was approximately \$2.8 million and was included in investments on the special-purpose consolidated statement of net claimants' equity. Foreign currency forwards are utilized for both currency translation purposes and to economically hedge against the currency risk inherent in foreign equity issues and are generally for periods up to 90 days. At December 31, 2008, the Trust held \$45.3 million in net foreign currency forward contracts. The unrealized loss on these outstanding currency

forward, contracts of approximately \$2.6 million is offset by an equal unrealized gain due to currency exchange on the underlying international securities. These net amounts are recorded in the special-purpose consolidated statement of net claimants' equity at December 31, 2008.

(c) Fixed Assets

The cost of non-income producing assets that will be exhausted during the life of the Trust and are not available for satisfying claims are expensed as incurred. Since inception, the cost of fixed assets expensed, net of disposals, include:

Acquisition of furniture and equipment	\$ 350,400
Acquisition of computer hardware and software	841,100
Computer software development (e-Claims)	<u>2,361,100</u>
Total	<u>\$3,552,600</u>

These items have not been recorded as assets, but rather as direct deductions to net claimants' equity in the accompanying special-purpose consolidated financial statements. The cost of fixed assets, net of proceeds on disposals that were expensed during the years ended December 31, 2008 and 2007 was approximately \$45,000 and \$19,100 respectively.

(3) UNPAID CLAIMS

The Trust distinguishes between claims that were resolved prior to the filing of the class action complaint on November 19, 1990, and claims resolved after the filing of that complaint. Claims resolved prior to the complaint (Pre-Class Action Claims) were resolved under various payment plans, all of which called for 100% payment of the full liquidated amount without interest over some period of time. However, between July 1990 and February 1995, payments on all claims except qualified exigent health and hardship claims were stayed by the courts. By court order on July 22, 1993 (which became final on January 11, 1994), a plan submitted by the Trust was approved to immediately pay, subject to claimant approval, a discounted amount on settled, but unpaid Pre-Class Action Claims, in full satisfaction of these claims. The discount amount taken, based on the claimants who accepted the Trust's discounted offer, was approximately \$135 million.

The unpaid liability for the Post-Class Action claims represents outstanding offers made in First-in, First-out (FIFO) order to claimants eligible for settlement after November 19, 1990. Under the Trust Distribution Process (TDP) (Note 5), claimants receive an initial pro rata payment equal to a percentage of the liquidated value of their claim. The Trust remains liable for the unpaid portion of the liquidated amount only to the extent that assets are available after paying all claimants the established pro rata share of their claims. The Trust makes these offers electronically for law firms that file their claims electronically (e-filers), or in the form of a check made payable to the claimant and/or claimant's counsel for claimants that file their proof of claim on paper. E-filers may accept their offers electronically and the Trust records a settled, but unpaid claim at the time of acceptance. Paper filers may accept their offer by depositing the check. An unpaid claim liability is recorded once an offer is made. The unpaid claim liability remains on the Trust's books until accepted or expiration of the offer after 360 days. Expired offers may be reinstated if the claimant accepts the original offer within two years of offer expiration.

(4) COMMITMENTS

In April 2003, the CRMC executed an early termination of its old lease in Fairfax, Virginia and signed a new 10-year lease through September 2013 for its offices in Falls Church, Virginia. CRMC may terminate the new lease at the end of the seventh lease year (September 2010) upon proper notification and payment of certain unamortized leasing costs. The lease was executed with CRMC conditioned upon the Trust's guarantee of future lease payments.

Future minimum rental commitments under this operating lease, as of December 31, 2008, are as follows:

<u>Calendar Year</u>	<u>Amount</u>
2009	\$ 517,197
2010	530,115
2011	543,388
2012	557,017
2013	<u>425,580</u>
	<u>\$2,573,297</u>

This obligation has been recorded as a liability in the accompanying special-purpose consolidated statement of net claimants' equity.

(5) NET CLAIMANTS' EQUITY

A class action complaint was filed on behalf of all Trust beneficiaries on November 19, 1990, seeking to restructure the methods by which the Trust administers and pays claims. On July 25, 1994, the parties signed a Stipulation of Settlement that included a revised the TDP. The TDP prescribes certain procedures for distributing the Trust's limited assets, including pro rata payments and initial determination of claim value based on scheduled diseases and values. The Court approved the settlement in an order dated January 19, 1995 and the Trust implemented the TDP payment procedures effective February 21, 1995.

During the second and third quarters of 2002, the Selected Counsel for the Beneficiaries (SCB) and Legal Representative of Future Claimants (Legal Representative) and the Trust met to discuss amending the TDP. As a result of these meetings, in late August 2002, the parties agreed to TDP amendments that are now contained in what is referred to as the "2002 TDP". The 2002 TDP principally changes the categorization criteria and scheduled values for the scheduled diseases.

Prior to the commencement of the class action in 1990, the Trust filed a motion for a determination that its assets constitute a "limited fund" for purposes of Federal Rules of Civil Procedure 23(b)(1)(B). The Courts adopted the findings of the Special Master that the Trust is a "limited fund". In part, the limited fund finding concludes that there is a substantial probability that estimated future assets of the Trust are and will be insufficient to pay in full all claims that have been and will be asserted against the Trust.

The TDP contains certain procedures for the distribution of the Trust's limited assets. Under the TDP, the Trust forecasts its anticipated annual sources and uses of cash until the last projected future claim has been paid. A pro rata payment percentage is calculated such that the Trust will have no remaining assets or liabilities after the last future claimant receives his/her pro rata share.

Prior to the implementation of the TDP, the Trust conducted its own research and monitored studies prepared by the Courts' appointee regarding the valuation of Trust assets and liabilities. Based on this valuation, the TDP provided for an initial 10% payment of the liquidated value of then current and estimated future claims (pro rata payment percentage). As required by the TDP, the Trust has periodically reviewed the values of its projected assets and liabilities to determine whether a revised pro rata payment percentage should be applied. In June 2001, the pro rata percentage was reduced from 10% to 5%.

In January 2008, the Trust completed its most recent review of the Trust's projected assets and liabilities. Based upon this review, the Trustees approved an increase in the pro rata percentage from 5% to 7.5%. This proposed change received the required concurrence of the SCB and the Legal Representative in early March 2008. Under the TDP any claimant who received less than the current pro rata percentage is entitled to receive a retroactive payment sufficient to increase their previous payment percentage to the current pro rata percentage. Accordingly, the Trust recorded a liability of \$365.7 million for approximately 282,000 personal injury claimants eligible to receive a retro active payment. Through December 31, 2008, the Trust has paid approximately 255,000 claimants a total of \$334 million and approximately \$31.2 million remains unpaid.

The Trust will continue to periodically update its estimate of the pro rata payment percentage based on updated assumptions regarding its future assets and liabilities and, if appropriate, propose changes in the pro rata payment percentage.

(6) EMPLOYEE BENEFIT PLANS

The Trust established a tax-deferred employee savings plan under Section 401(k) of the Internal Revenue Code, with an effective date of January 1, 1988. The plan allows employees to defer a percentage of their salaries within limits set by the Internal Revenue Code with the Trust matching contributions by employees of up to 6% of their salaries. The total employer contributions and expenses under the plan were approximately \$180,100 and \$183,900 for the years ended December 31, 2008 and 2007, respectively.

(7) RESTRICTED CASH EQUIVALENTS AND INVESTMENTS

In order to avoid the high costs of director and officer liability insurance, the Trust ceased purchasing such insurance in 1991 and, with the approval of the United States Bankruptcy Court for the Southern District of New York, the Trust established a segregated security fund of \$30 million and, with the additional approval of the United States District Court for the Southern and Eastern Districts of New York, an additional escrow fund of \$3 million from the assets of the Trust, which are devoted exclusively to securing the obligations of the Trust to indemnify the former and current Trustees and officers, employees, agents and representatives of the Trust. Also, a \$15 million escrow and security fund was established to secure the obligations of the Trust to exclusively indemnify the current Trustees, whose access to the other security funds is subordinated to the former Trustees. Upon the final order in the Class Action litigation (Note 3), the \$15 million escrow and security fund was reduced by \$5 million. Pursuant to Section 5.07 of the Plan, Trustees are entitled to a lien on the segregated security and escrow funds to secure the payment of any amounts payable to them through such indemnification. Accordingly, in total, \$43 million has been transferred from the Trust's bank accounts to separate bank escrow accounts and pledge and security agreements have been executed perfecting those interests. The investment earnings on these escrow accounts accrue to the benefit of the Trust.

Additionally, as a condition of the tax agreement between JM and the Trust discussed in Note 8, the Trust was required to transfer \$30 million in cash to an escrow account to secure the payment of its future income tax obligations post settlement of the transaction. The escrow account balance may be increased or decreased over time. As of December 31, 2008, securities with a market value of \$26.0 million were held by an escrow agent, of which \$18.3 million is reported as restricted in accordance with the agreement.

(8) INCOME TAXES

For federal income tax purposes, JM had elected for the qualified assets of the Trust to be taxed as a Designated Settlement Fund (DSF). Income and expenses associated with the DSF are taxed in accordance with Section 468B of the Internal Revenue Code, which obligates JM to pay for any federal income tax liability imposed upon the DSF. In addition, pursuant to an agreement between JM and the Trust, JM is obligated to pay for any income tax liability of the Trust. In a separate agreement between the Trust and JM to facilitate the sale of JM to a third party, JM paid the Trust \$90 million to settle the JM obligation to the Trust. In return, the Trust terminated JM's contractual liability for income taxes of the DSF and agreed to indemnify JM in respect for all future income taxes of the Trust and established an escrow fund to secure such indemnification. The statutory income tax rate for the DSF is 15%. As a New York domiciled trust, the Trust is not subject to state income taxes. CRMC files separate federal and state corporate income taxes returns.

The Trust records deferred tax assets and liabilities for the expected future tax consequences of temporary differences between the book and tax basis of assets and liabilities. As of December 31, 2008 and 2007, the Trust has recorded a net deferred tax liability of approximately \$0 million and \$48.5 million, respectively from net unrealized gains on investment securities. As of December 31, 2008 and 2007, the Trust recorded net deferred tax assets of \$228,500 and \$360,900, representing temporary differences primarily due to expensing asset acquisitions for financial reporting purposes, accrued vacation and deferred compensation. The deferred tax assets are included in other assets in the accompanying consolidated statement of net claimants' equity. As of December 31, 2008 and 2007, the Trust has income taxes receivable of \$1,959,500 and \$65,900, respectively. These amounts are included with deposits and other assets on the consolidated statements of net claimants' equity as of December 31, 2008 and 2007, respectively.

(9) PROOF OF CLAIM FORMS FILED

Proof of claim forms filed as December 31, 2008 and 2007 with the Trust are as follows:

INDEPENDENT AUDITOR'S REPORT ON SUPPLEMENTAL INFORMATION

To the Trustees
Manville Personal Injury Settlement Trust
Pound Ridge, New York

Our audits were made for the purpose of forming an opinion on the basic special-purpose consolidated financial statements for the years ended December 31, 2008 and 2007 taken as a whole in accordance with the basis of accounting described in Note 2 of such statements. The supplemental information on pages 12 to 15 is presented for purposes of additional analysis and is not a required part of the basic special-purpose consolidated financial statements. The supplemental information for the years ended December 31, 2008 and 2007 has been subjected to the auditing procedures applied in the audit of the basic special-purpose consolidated financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic special-purpose consolidated financial statements taken as a whole.
